BOTANICAL ALCHEMY AURA CLEANSER

Cleanse your Aura, Home, Healing Room, Office, Family, Crystals

Cleanse your Aura and environment twice daily with our Aromatherapy and Flower Essence filled Aura Cleanser. Perfect for making decisions, meditating, healing, & after unbalancing events, strong emotions or stress. Excellent working with clients before, during, and after sessions. Spray your environment and power objects before and after working, client visits, or 'events'.

SPRAY OR SWEEP

Spraying is the easiest way, sweeping is the deeper way. Shake bottle gently before use.

AURA: Spray in a circle above your head and allow the mist to fall through the aura. Breathe out and in 2 or 3 times. Spray again 15 seconds later.

ROOMS: Mist the room, focusing on areas of interest. Repeat as often as you feel appropriate.

CRYSTALS: Spray often, or immerse in 5 sprays per cup of water. (Not for pearls, amber, opals, or delicate stones, as it includes essential oils).

TO SWEEP: Spread 4 or 5 sprays of Aura Cleanser on your palms and brush down through the aura from above the head. Pay extra attention around the head, the heart, and the chakras. Blocked energy collects in your chakras, as well as clumps & bands around the body. Sweep all the chakras and any dense, hot, or cool areas you find. Add more when your hands are dry. Trust your hands and your intuition as the Aura Cleanser opens you to subtle energies. Breathing out a few times helps the cleanser facilitate faster and deeper release.

ELEMENTALLY BALANCED

The Aura Cleanser is elementally balanced, containing equal amounts of Air, Fire, Water, and Earth. This means it brings balance and is more flexible than traditional single and dual element cleansing methods such as smudging, salt and water, salt and fire, sunlight, moonlight, and visualization.

When combining the Aura Cleanser with other cleansing techniques, use the Aura Cleanser first and *then again at the end* to take fullest advantage of all of its sequenced goals.

SEQUENCED GOALS

The Aura Cleanser moves energy gently; its many ingredients give it the capacity to adjust to your Aura's needs and to achieve multiple goals. It works on these goals in a sequenced order.

After it cleans and strengthens your aura, it fills the space created by renewing life force. Then it strengthens your connections to your highest self, earth, & your heart path. Its energy can also be used for positive purposes, goals, or intentions.

The Aura Cleanser's gentleness works very well for children & pets. Start very gently, with a small amount, to let them gradually get used to its scent and its energy-moving effects.

LIBRARY OF ESSENCES

The Aura Cleanser's flexibility & multi tasking comes from containing a library of 6 Essential Oils, 50 flower essences and 25 gem elixirs that it can use for differing circumstances & energies.

MADE WITH CARE

Our formulas are lovingly created from the finest wild-crafted and home grown flowers. We thank all the plant spirits for their generosity and guidance.

USING FLOWER ESSENCES

FLOWER ESSENCES are some of the most gently effective & safest remedies in the natural pharmacopia. They are vibrational medicines like Homoeopathy and do not have a scent. They carry the spirit of the plants and impact your mind, body, emotions, and spirit.

Until recently most essences were single flower remedies. After years of research into the effects of combining different flowers, we have created a new class of essences called 'Synergistic Blends,' which have greatly enhanced potency, balance, and predictability. Easier to learn and use than single essences, our Synergistic Blends can address specific symptoms & tendencies and often help change fundamental patterns of behavior.

Each dose, even as small as a sip, sends an energetic wave through your aura, and every wave builds in effect upon the previous waves. Effect builds by the number of doses you take, not the size of the dose.

The Dosage Mantra is: 'It's not how much you take but how often you take it.' Our Formulas are dosage strength, ready to take in water or under the tongue.
